Computer Science and Engineering Department, SVNIT, Surat

M.tech.-I, Semester-II

Advanced Statistical Techniques (CSDS102) 2024-2025

Tutorial 3

Implementation of MRMR algorithm for discrete variables.

Tasks:

1. Load the genes dataset.
2. Explore the dataset using different visualization methods.
3. Perform MRMR algorithm for discrete variables.
4. Give your opinion on the results.

Refer to the attached research paper for more information on MRMR algorithm.
